For Immediate Release**

**Fieldstone Farm in Furlong Selected As  
2010 Bucks County Designer House & Gardens**

The Village Improvement Association of Doylestown has selected Fieldstone Farm at 1515 Sugar Bottom Road in Furlong as the 35<sup>th</sup> Bucks County Designer House & Gardens. Nestled within 100 acres of rolling pastures, Fieldstone Farm is centered around a stone-and-stucco farmhouse featuring a 1780s summer kitchen and an exceptional master suite. Additionally, on the extensive grounds, are stables, a charming three-story jockey cottage and a swimming pool.

Following an Empty House Event on Sunday, February 28, 2010, selected creative and talented interior designers and landscapers will begin in March to renovate, restore and remodel this working equestrian estate.

Designers, landscapers, artists, skilled craftspeople and businesses interested in supporting this event as sponsors or participants should email [contact@BucksCountyDesignerHouse.org](mailto:contact@BucksCountyDesignerHouse.org) for available opportunities and to preview the property in mid-October.

The Bucks County Designer House & Gardens, boutiques and café will be open daily from May 2 through May 30 following the Preview Gala on April 30. Tour hours are: Monday through Wednesday 10-4, Thursday and Friday 10-7, Saturday 10-4, Sunday 12-6.

Information and tickets for house tours as well as many accompanying events, such as complimentary seminars, fashion shows and teas, may be obtained by visiting [www.BucksCountyDesignerHouse.org](http://www.BucksCountyDesignerHouse.org) or calling 215-345-2191.

The V.I.A., founded in 1895, is the only women's club in the country to own and operate a community hospital. This annual project benefits Doylestown Hospital and selected V.I.A. community causes. The largest portion of funds raised will be used to support the expansion of a new state-of-the-art Emergency Department at the hospital.

"The Designer House committee welcomes the challenge as we move into our 35<sup>th</sup> year. The beautiful property we have chosen for 2010 will certainly have broad appeal and live up to our reputation of bringing the public a rewarding experience," says Chairman Georgia Ford.
